

The cold weather has certainly taken a grip on the country this week. I trust that everyone has been keeping themselves, friends and family safe during this time. As always, the pupils in school have conducted themselves superbly with several indoor play times having to be enforced due to the icy conditions. One of the most exciting aspects that took place at BPA this week was when we welcomed Sally Newton into school. Sally is an experienced artist who we have commissioned into school to create a history timeline down our 'corridor of culture.' It has been incredible seeing this starting to take shape and I've heard so many pupils talking about it with great excitement. We are hoping to have this completed in approximately 3 weeks time, so watch this space for images of the finished product. Sally is then going to continue working with us to transform our Library area in line with our school development plan of raising the profile of the Arts - again this is another piece of work we are all very much looking forward to seeing take shape.

Parents and Visitors in school

The early years setting operates its own mobile usage policy in relation to staff and visitors to the premises. Whilst we recognise that there may be emergency situations which necessitate the use of a mobile telephone, in order to ensure the safety and welfare of children in our care, parents and visitors are also kindly asked to refrain from using their mobile telephones whilst in the early years setting or when collecting or dropping off their children.
